

# OHIO PUBLIC WORKS COMMISSION

## Subdivision Codes

Every subdivision eligible to receive assistance from the Commission has been assigned a "Subdivision Code" for Capital Improvements Report tracking and control purposes.

The attached list includes all Counties, Cities, Villages and Townships in your District. Most special water and sewer districts organized under Section 6119 of the Revised Code are not included unless they have received assistance from the Commission in the past.

Individual departments or agencies within a subdivision (County Engineer, Sanitary Engineer (6117 ORC); Utility Department, Service/Public Works Department, etc.) must use the subdivision code for their County, City or Village.

Subdivision codes for counties, cities, villages and townships are determined as follows:

County Number + Subdivision Number

000 – 00000

The director will assign "subdivision codes" for special districts, on request.
