**CAREGIVER
SUPPORT**

Caregiver Support Program

The Caregiver Support Program addresses the growing needs of informal caregivers providing care for loved ones at home.

Services provided through this program include in-home caregiver training, one-on-one support by a case manager, information and referrals to community providers, legal services, and respite assistance.

Services

Information + Referral Services

provide information and referral to community-based supports, including transportation, support groups, home health services, hospice, and health services.

Planning Resources

provide caregivers with resources and referrals for support regarding Living Wills, Health Care Power of Attorney, Durable Power of Attorney, and other legal questions.

Medical Equipment Purchases

to assist and compliment the care a caregiver provides. Medical equipment purchases are limited and determined by the program coordinator on a need basis. Purchases include but are not limited to linen savers, safety devices for doors and windows, and more.

Project Lifesaver

is a partnership with local law enforcement to provide search and rescue service, using radio technology to prevent or reduce the potential of harm to individuals suffering from Alzheimer's, Down Syndrome, Autism, traumatic brain injuries, or other cognitive impairments who have a tendency to wander.

Respite Care

provides relief for the caregiver by arranging for services such as personal care, homemaking, or adult day services. This short-term assistance supports the well-being of caregivers as they balance their lives and caregiving responsibilities.
